Maddie,

Our EPA Community Involvement Coordinator **Adrian Palomeque**, plans on interviewing residents at both East Troy and West Troy Site on 12/15-12/17. They'll be asking questions regarding community involvement plan and how EPA can better inform the community. Here's some of the questions that are asked:

1. Do you live or work on or near the site(s)? If no, are you affiliated with any organization that has an interest in the site? [What organization?]
2. How long have you been a resident in the area?
3. What do you know about the site(s)?
4. What concerns do you have about the site(s)?
5. Where are you getting your information about the site(s)? From whom? In what form?
6. Do you feel that you have been adequately informed about the site(s) from EPA? If not, what other kind of information would you like/need?
7. What newspapers do you read? What television stations do you watch? What radio stations do you listen to?
8. How would you like to be informed concerning future site activities (mail, e-mail, telephone, newspapers, television, radio, social media such as Facebook)?
9. If EPA holds a public meeting or availability session, would you attend? Yes \_\_\_\_ No \_\_\_\_
  - a. What day and time would be most convenient for you?
  - b. What format do you think works best? Public meeting verses availability session? (explain formats)
  - c. If not, what obstacles keep you from attending?
  - d. Do you have suggestions about locations for future meetings?
10. Have you received or read any EPA fact sheets about the site(s)? If so, were they understandable?
11. Site information is posted on the EPA's web site(s). Have you used the EPA web site(s)? If so, did you find the information you needed?
12. An information repository is located at the Troy Miami County Public Library. Have you ever looked at the site information at the library? If so, did you find the information you needed?

Call me if you want to talk. Shari
